

MARCO CAVANI

Information Security Officer

Perth, WA | 0468 825 323 | cavanaiaustralia@gmail.com | marcoweb.org | linkedin.com/marcocavani | [Verified Digital Wallet](#)

PROFESSIONAL SUMMARY

I am a proactive and organised information security professional, adept at collaborating across various business functions. I possess strong analytical, communication, and stakeholder management skills. I have experience in third-party and vendor risk management, along with a solid understanding of security frameworks, compliance standards, and risk management principles.

CORE SKILLS

- IT General Controls (ITGC) & Systems Auditing
- Vulnerability Assessment & Penetration Testing Principles
- Identity & Access Management (IAM) & Data Classification
- Cybersecurity Risk Awareness & Threat Vectors
- Customer Support & Technical Communication
- Microsoft 365 (Outlook, Teams, Office Apps) & Azure VMs
- Ticketing Systems (PMS / ITSM workflows)
- Hardware, Software & Network Connectivity Troubleshooting

PROFESSIONAL EXPERIENCE

Information Security Consultant

RSM Australia | Feb 2025 – Present

Cybersecurity Consultant at RSM Australia, providing security advisory services to clients in the healthcare, government, mining, and education sectors. I help organisations assess their security posture, improve compliance, and implement practical security solutions.

- Defined, implemented, and maintained information security policies, standards, and controls
- Performed ITGC and IT Application Control audits
- Analysed system logs, user access lists, and network datasets
- Supported cybersecurity awareness training for staff and executives
- Identified security vulnerabilities and recommended technical improvements
- Support governance, compliance, audit, and third-party risk management processes.

Guest Service Coordinator (Technical Support Functions)

Crown Towers Perth | Oct 2018 – Feb 2025

- Managed service requests using property management and ticketing systems
- Logged, tracked, and resolved technical and operational incidents
- Provided first-line support for in-room technology and connectivity issues (Wi-Fi, entertainment systems)
- Coordinated with IT, maintenance, and operations teams for issue resolution
- Monitored system performance reports and identified recurring technical issues
- Trained staff on ticketing systems and service workflows

Developer (Contractor)

BlueSky Lab | Perth WA | May 2021 – Jul 2023

- Built and maintained web applications using PHP and backend frameworks
- Supported system functionality, debugging, and technical issue resolution
- Worked with databases, APIs, and system integrations
- Collaborated with QA and project teams to resolve technical issues

- Followed structured development workflows and documentation standards

ICT Systems Support Officer

I.T.I.S Enrico Fermi High School | Italy | 2016 – 2018

- Provided help desk and service desk support to users
- Resolved hardware, software, and network issues
- Used ticketing systems for incident tracking and resolution
- Applied cybersecurity best practices for system protection
- Supported end users in troubleshooting and technical assistance

EDUCATION

- Professional Year in IT – ACS (2024–2025)
- Bachelor of Science (Cybersecurity) – ECU
- Diploma of Web Development – NMTAFE
- Diploma in Information Technology – ITC Italy

TECHNICAL TOOLS & EXPOSURE

- Microsoft 365 & Cloud Environments (Azure Virtual Machines)
- Ticketing Systems (ITSM-style workflows, PMS systems)
- Network Infrastructure & Connectivity Support
- Cybersecurity & PenTesting Frameworks (Reconnaissance, Scanning, Exploitation)
- Emerging Tech Foundations (Machine Learning, Generative AI Security & Ethics)

RELEVANT CERTIFICATIONS

Verified via [Skillsoft Digital Badges Wallet](#). CompTIA Security+ (In Progress).
